

Ball Valve Handle Tags

The TruDesign Handle Tag is designed to safely identify the function of the associated Ball Valve. For example – GENSET INTAKE. Helping avoid costly mistakes like accidentally turning engine cooling off or flushing toilet whilst closed. They are designed to be retrofitted to existing Ball valves.

Features:

- Two sizes -Large size fits Large Lever Handle. Small size fits the Small Lever Handle.
- Retrofittable - Can be simply screwed onto an existing handle using the Ball Valves fastening and cap.
- Multiple name options – on pre-printed tags.
- Outstanding Ink adhesion giving high scratch resistance to ensure readability over time in this harsh environment.
- Blank Option for custom printing.

Installation

Ensure you have the correct size Tag -Small Tag for ½", ¾" and 1" Ball Valve Lever Handles. Large Tag for 1¼", 1½" and 2" Ball Valve Lever Handles

Remove the small screw cover from the Ball Valve Handle then remove the screw

Place the Tag on the Lever Handle and re assemble.

Note – Older versions of the Lever Handle do not have a location notch. These handles were manufactured prior to May 2020. The Tag does not fit these handles due to the small notch.
